

ADDING INFORMATION TO YOUR CLUB OR SCHOOL PROFILE

- The Surfing Australia and State Surfing Association websites now have an improved 'club finder' tool, located under either the 'Participation' or 'Community' menus of the websites.
- All Boardrider Clubs and Surf Schools with a current affiliation appear in this finder area.
- Users can search by location/name (1), other additional filters (2) or select off the map (3).

As per the screenshot example below, the club or surf school information contains:

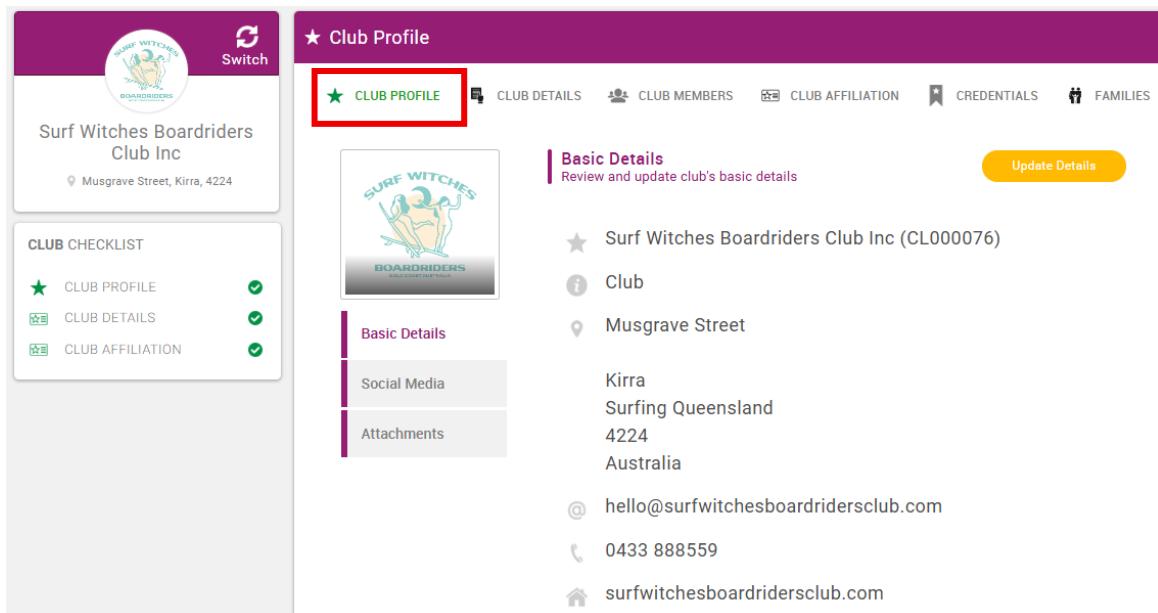

- A 'Join Now' button that adds the club to the members profile (they will be prompted to sign up or log in to their account) (1)
- Basic contact information (2)
- An 'About Us' section (3)
- A location map based on the club address (4)

How does a club or surf school amend the details that appear here?

There are 2 areas in the 'Club Profile' tile in JustGo where this information is pulled from. This information is managed by those with 'club administrator' access for their Club or Surf School.

1. The 'Club Profile' tab contains the basic contact details. These can be updated at any time.

About Us

We're an incorporated not-for-profit Boardriders Club based on the Southern end of the Gold Coast.

Open to women over 18 year of age, we are purely a social club. There are zero expectations of your surfing ability beyond basic surf etiquette and being able to swim. Our fun, social club rounds will be free surfing in your chosen category with prizes
